
Join the CEF's Pampanga Culinary Tour

The Culinary Education Foundation(CEF) would like to invite CCA students, staff, and partner organizations to its forthcoming Pampanga Culinary Tour on September 26, 2008.

Since 2001, the CEF has facilitated at least 3 local and international culinary tours for CCA students, particularly a visit in Binondo, attendance in the Melbourne Food & Wine Festival in Australia, and the Hong Kong Food & Wine Exposition.

The culinary tour program aims to achieve the following:

-

To immerse participants in the local culinary culture of the area, experience people and visit areas of interest;

-

To impart relevant skills and techniques that would add to the participants' culinary expertise; and

-

To interact with people, communities, and groups actively building and promoting local cuisine.

Here is the itinerary, package costs and other details of the forthcoming Pampanga Culinary Tour:
